SUPERVISORS IN ROUTINE SESSION

No Lack of Agreement—Report of
Funds Available Satisfactory.
Gere's Good Report.

A purely routine session of the County Supervisors, not even disturbed by one of those wordy classes which are almost matters of course in themselves, was held last evening. A report, showing that the County will have \$103,614.31 with which to begin business in August, was submitted by Mr. Archer. The items in this report were \$56,277.25 in the general fund and \$17,337.06 in the road fund now, with \$30,000 to come from the Territory August 1st.

Accounts passed last evening, which had been previously estimated for, are:

Fixed salaries, \$1670; Road department, Honolulu, \$697.50; County Clerk, office, \$15; County Treasurer, office, \$125; commission road tax, Honolulu, \$3; County Attorney, office, \$110; poundmaster salary, \$30; County Clerk, office, \$170; County Auditor, office, \$125; County Engineer, pay roll, \$212.50; road department, Queen street, \$20; Koolau-poko road district, \$1; Ewa road district, pay roll, \$945.29; Ewa road district, material and supplies, \$815.18; Koolau road district, \$697.50; Kapiolani Park, \$171.50; park-keepers, supplies, \$1.40; park-keepers, pay roll, \$100; police department, pay roll, \$3287.50; coroner's fees, \$12; police and fire alarm, \$1850.50; garbage department, pay roll, \$105; electric light department, supplies, \$226.18; electric light, pay roll, \$327.75; Hawaiian band, \$625.

Upon the statement of Road Supervisor Cummins that the requisite number might be spared, a request of Governor Frear that County employees chosen to go to the national shoot at Fort Perry to represent this Territory be given leave of absence under pay was granted.

Letters from H. P. Wood and from Capt. Corwin P. Rees, expressing thanks for the manner in which the streets along the waterfront were kept watered and cleaned during the visit of the Fleet here, were read and placed on file.

Attorneys Thompson & Clemons, representing the Pacific Guano and Fertilizer Company, notified the Board that a deed had been placed in escrow with L. Tenney Peck for 3467 square feet of land in front of the fertilizer works, the deed to be transferred to the Territory if the County would widen and fix the road within six months, the deed otherwise reverting to the company, and the road staying as it is.

A petition signed by D. P. R. Isenberg, A. Perry, S. M. Damon, C. F. Peterson, E. A. Mott-Smith, and C. H. Bailey was read, asking that Wai-ale road on the other side of Koko Head be repaired. This petition was supported by the statement of Mr. Dwight that the road needed repairs, and was referred to the Committee on Roads, Bridges, and Parks.

The month's contracts for supplies were given to H. Hackfeld & Co., L. I. Steam Navigation Co., T. H. Davies & Co., Lewers & Cooke, Honolulu Construction & Draying Co., Allen & Robinson, Union Feed Co., and the California Feed Co.

County Engineer Gere presented a report on the road work done in the outside districts, for the past six months, showing the following:

Ewa district: 8636 feet macadam road at \$1.509 per linear foot.

Wai-ale district: 7928 feet of macadam road at an average cost of \$1.03 per linear foot.

Koolau-poko district: 7885 feet of macadam road, costing \$1.185 per linear foot.

Koolaula district: Construction of new bridges and approaches at Pau-malu, Kaunahu, and Pupuken, and repairing damages of March storm.

Waimanalo district: General repairs.

This is new macadam, while the old dirt roads have been kept in repair.

In concluding his report, Mr. Gere recommends that \$1000 a month be appropriated for the work of giving to the main road from Kahuku toward Wai-ale a coral dressing, and also suggests the closing of the Fall road.

WARNING TO ALL PEOPLE

"Your duty is to poison rats," says the Citizens' Health Committee, "and in this way prevent the spread of the dreaded bubonic plague."

This warning of danger from the plague epidemic must impress every citizen with the imperative necessity of destroying the rats that infest our city and are a menace to our very life.

The most reliable poison and one that is recommended by national and local authorities is Stearns' Electric Paste, which drives rats out of the house to die.

Wherever used it kills off the rats, usually in a single night. It is absolutely guaranteed to exterminate them or the money will be refunded.

Protect your home and your city with Stearns' Electric Paste.

MONUMENT TRIBUTE TO HAWAIIAN CHIEFS

Tentative plans for a mortuary monument to mark the last resting-place of the old Hawaiian chiefs are now being prepared to be submitted to Queen Liliuokalani, who, by an act of the Legislature, has been given joint power with the Superintendent of Public Works in the design and preparation of this monument.

The Legislature appropriated \$20,000 for such a memorial monument, and serious consideration is being given it now with a view toward having work started on the beautiful tribute in the near future.

TOMMY BURNS- GUNNER MOIR FIGHT

This splendid attraction in the moving-picture line will be shown next Monday, Aug. 3d, at the Empire Theatre. Mrs. King, formerly of the Art Theatre, has been engaged to sing for the illustrated pictures. Ladies as well as gentlemen will enjoy the performance.

ANOTHER BURGLAR

Jack Doyle and Yardmaster Petrie of the Onahu Railway & Land Co. were visited by a burglar at midnight at the cottage on the depot grounds. Jack was awakened by the intruder, who lighted a match while in the room. Doyle wasted no time but arose and went after the visitor full speed. The burglar went through the window, glass and all, while Doyle took shots at him.

Petrie awoke and assisted Jack in frightening away the burglar. After their visitor had gone, they investigated but found nothing had been stolen. The police have the case in hand.

TAKE A LITTLE TRIP
TO
QUESTLAND

QUESTLAND is the chief Province in BULLETIN WANT-AD. LAND.

Its population is transient.

The people are looking for things they want or need. When they find them they hurry back home—perhaps to make another trip the next day.

There's but one best route to QUESTLAND—the BULLETIN want-ad. route. The cost is trifling. You can usually make a trip, transact your business and get back home in a day.

Sometimes your errand takes a little longer. But there are few people who ever make unprofitable excursions to QUESTLAND. It is the country of opportunity—of chances, of luck. One meets people who are both offering and seeking things—alert people, illustrating and practicing the law of GIVE and TAKE.

A BULLETIN WANT AD. SERVES AS A ROUND-TRIP TICKET TO QUESTLAND!

Copies of the Bulletin's Fleet Edition, wrapped ready for mailing, can be procured at this office for five cents. Cost of mailing, three cents.
